Apparently the athletic commission in Puerto Rico is doing drug and AIDS tests for those applying for wrestling licenses there now in addition to various physical tests. Also in that area, one of Jack Veneno's boys who wrestled as Indio Tony Lopez, heavy steroids user, died in a dressing room during a card recently of either a stroke or heart attack.

Commissioner in Puerto Rico is a guy named Felix Suarez who supposedly is also involved in promoting kick boxing.

MORA is running in Tijuana once a month - ~~June 21 card~~ is Mora's.

Take it easy!
